

NGUYEN THANH TUU

Day of birth 26/08/1998

Address: Thu Duc City,

Ho Chi Minh City

My Phuoc Tay- Dong Thap

INTRODUCE

I am a Landscape Architect and Urban Researcher with more than 3 years of experience bridging the gap between green spaces and urban living. My professional work as a gardener and designer informs my passion for creating sustainable public realms.

Besides my technical planning, I am pursuing a professional photography career as a means of profound social interaction. Through photography, I aim to vividly portray the relationship between people and space, thereby spreading humanistic values in sustainable planning.

STUDIES

02/2023 URBAN AND LANDSCAPE DESIGNER - THE GREEN DOTS
09/2026

- Community garden at Nam Thi House
- Community garden at Mainetti factory - Dong Nai
- Community garden TGDs at Biti's factory – Sai Gon
- Circular Urban Hub- IECD-Viet Nam National University HCM
- Community garden at HelloWorld Saigon

Spearheaded the end-to-end delivery of diverse community garden projects, encompassing architectural design, landscape planning, and construction oversight. Facilitated collaborative design processes, integrating community insights to create inclusive spaces that promote collective ownership and long-term engagement. Expertly managed the transition from conceptual design to physical build, ensuring functional landscapes that serve as hubs for wellness and environmental stewardship.

09/2025 Project Codinator - THE GREEN DOTS

09/2026

- SOS Village Community Garden

The first time I managed the project with the founder's support, Ninh Khanh. Throughout the implementation, I led more than volunteers and called for partnerships to secure additional support from the community to maintain the garden in the long term.

- Night Park - Vinhome Grand Park (Popup garden)

Design consultant and hosted a gardening workshop with a partner from Japan and the large community at Vinhome. This is an opportunity I trained more than 5 interns to gain an in-depth understanding of the operation and gardening practice.

- LIXIL APL 2025-2026 for The Green Dots with the theme Urban Health, focusing on Community Garden (updating). This collection compiles all experiences with community garden models and includes guidelines for publishing a community garden handbook.

Over 3 years with The Green Dots, I have developed more than 5 community gardens, landscape projects, a guide gardening internship program, and hosted more than 40 professional workshops focused on sustainable gardening practices, ecological restoration, and community building.

02/2026 Founder-GIEO COLLECTIVE

- Herbal Community Garden- Six Senses Ninh Van Bay Project at Khanh Hoa
- The Flood STEM Project-Cam Kim-Hoi An

FOCUS

Educator and Project Management Landscape Architect, Urban Researcher, and Wellness Professional Photographer- Art, Landscape Architecture documentary and Wellness Activity

VISION

I am looking for opportunities and challenges within urban planning and landscape architecture to deliver high-impact, green infrastructure solutions. Dedicated to advancing community development through the integration of nature-based solutions, fostering a seamless connection between urban and rural inhabitants and the natural environment. Strategically coordinating large-scale sports tourism and wellness festivals to promote public health awareness and environmental stewardship.
